

PIPPA'S HOOF SPOTLIGHT OF THE DAY

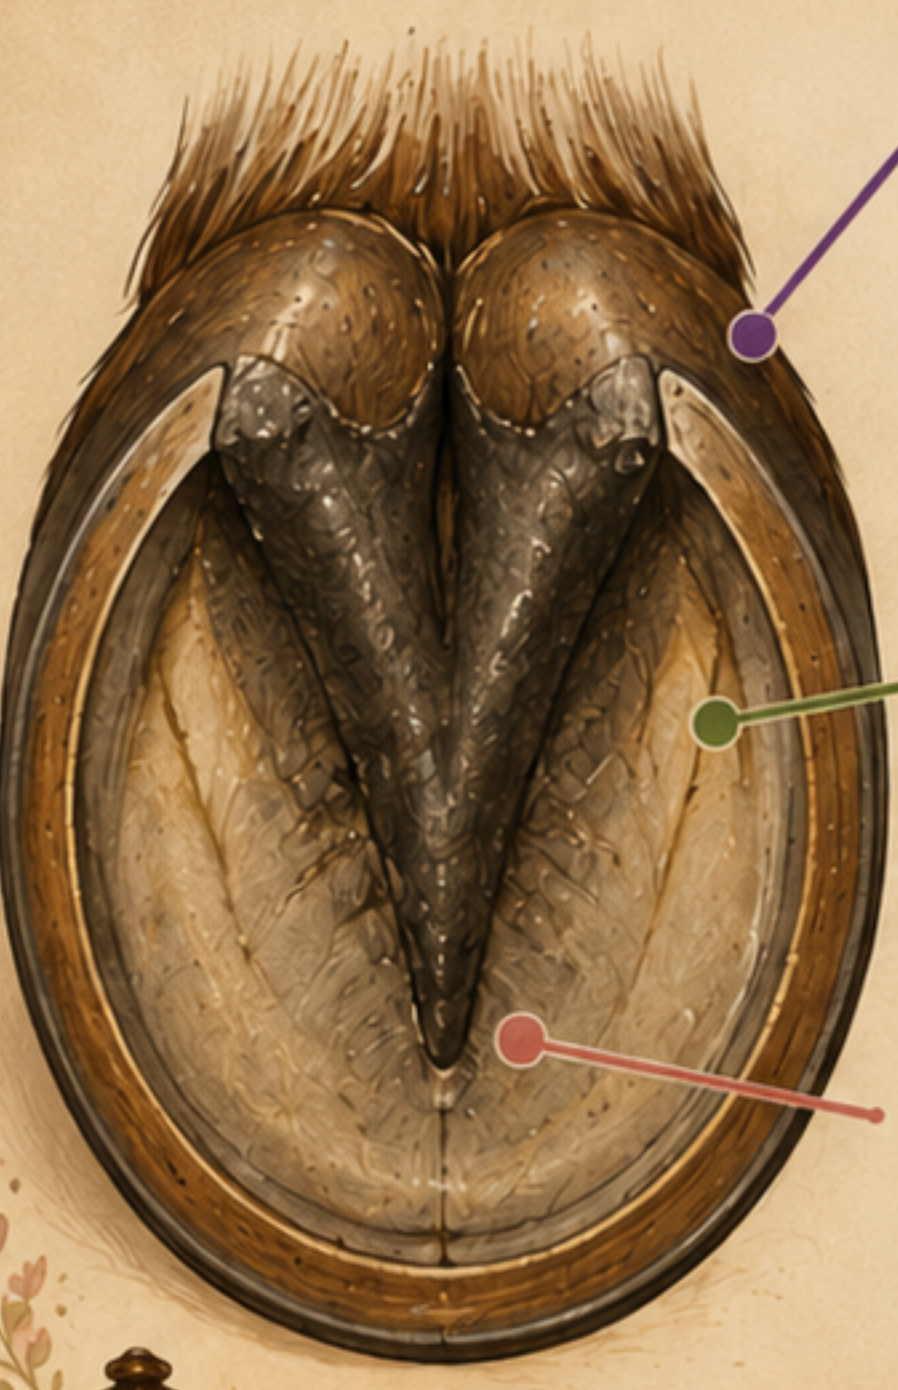

Pippa smiles and whispers:

“Take a look beneath a horse’s hoof today—but only with an adult or an experienced horse person.”

Can you find the hoof wall, sole and frog?”

WHAT CAN WE DISCOVER?

HOOF WALL (HOOF CAPSULE)
The hard outer wall protects the entire hoof like strong armor.

SOLE
The underside of the hoof. It protects the sensitive structures inside.

FROG
The soft, arrow-shaped structure in the center. It helps the horse move and absorbs shock.
